NEW SECRETARY
HAS BEEN SECURED

W. A. McElroy of Gilmer, Texas, Will Be the New Commercial Association Secretary.

At a meeting yesterday morning of the committee appointed several days ago to recommend some one to be elected secretary of the Commercial Association, the committee decided on Mr. W. A. McElroy, who at present is the secretary of the Board of Trade at Gilmer, Texas. After this decision was made the committee was ready to make its recommendation to the entire board of directors. Mr. A. M. Waldrop had a call issued for the entire board to meet at 3 o'clock yesterday afternoon and the selection of the committee was ratified by the board and Mr. McElroy was declared the new secretary of the Bryan and Brazos County Commercial Association.

The new secretary will not take charge of his office until the first of the coming month, as he cannot get away from his other place. However, he expects to be here on the first of July and take right hold of things.

W. A. McElroy is a man 34 years old, is married, and from the impression made on the committee and the opinions formed of this gentleman by the members of the directorate, there

has been no mistake made in securing his services. He comes to Bryan with the very highest possible recommendation not just as a commercial secretary, but as a good, clean gentleman in every detail. Mrs. McElroy and three children will not come here for a short time, but will visit for a few weeks with her father in South Texas.

GOVERNOR FERGUSON
TO MAKE ADDRESS

Waco, Texas, June 10.—Much interest has been centered in the address to be delivered by Governor James E. Ferguson, in which he was expected to review the accomplishments of his administration. While political observers pointed out that the speech will probably be the opening of the governor's campaign for re-election, the address, Governor Ferguson has said, will be merely the "first accounting of his stewardship."

It All Depends.

"Any rattlesnakes around here?" "What's your business?" asked the boy with the big straw hat.

"What has that to do with it?" "Well, the last man who looked around here for summer board asked me a lot o' questions like that, an' when I told him there wasn't any rattlesnakes or mosquitoes or anything, he said he was a naturalist an' he guessed he wouldn't stay."
